

Rehabilitated child labourers selected for higher studies at SRM Institute

Chennai, Nov 15: On the eve of Children's Day, five children rehabilitated at Bal Ashram established by Nobel Peace Laureate Shri Kailash Satyarthi and Smt. Sumedha Kailash, have secured admission in the prestigious SRM Institute of Science and Technology, Chennai.

These five children - Sanjay Kumar, Imtiyaz Ali, Manish Kumar, Chirag Alam and Mannu Kumar - were once child laborers and their childhood was spent in suffering and torture. They were rescued by Shri Satyarthi's organization BBA and were rehabilitated at Bal Ashram where they continued with their studies.

Living and studying in Bal Ashram, all of them passed Class 12

examination with flying colours. Bal Ashram was the first long-term rehabilitation centre for children rescued from child labour, trafficking, abuse and exploitation established in 1998 in the Aravalli Hills of Viratnagar, Rajasthan. Since then, Bal Ashram has established itself as a center for child participation and child leadership development across the country.

Children of Bal Ashram who have been enrolled in various courses of SRM Institute of Science and Technology, hail from the most vulnerable and marginalized sections of the society.

These children have been selected in the courses of B.Sc (Physical Education), Bachelor of Physiotherapy, Hotel Management, Diploma in

Nursing and Bachelor of Administration of SRM University. SRM Institute of Science and Technology (earlier known as SRM University) is one of the top universities in India with over 52,000 full-time students and over 3,200 faculty across campuses.

The children of Bal Ashram who have been selected by SRM, despite the multiple hurdles they faced in their lives, secured high grades in the Board examinations.

19-year-old Sanjay Kumar, who scored 86 per cent marks, has been selected for Hotel Management and Catering course. Among the others selected by SRM, is 21-year-old Imtiyaz Ali who got 67 per cent marks in Class 12 in the year 2020. He has bagged admission in Diploma in Nursing.

18-year-old Manish Kumar has been selected for Bachelor of Physiotherapy. He had got 66 per cent marks in Class 12 in 2020.

Securing 64.8 per cent marks in his Board examinations, 21-year-old Chirag Alam has been selected for BBA course. Rescued by Bachpan Bachao Andolan from a bangle making factory in Delhi, he grew up to live his dreams at Bal Ashram.

Battling abject poverty in his childhood, 18-year-old Mannu Kumar Oraon from Purnea in Bihar - who grew up at Bal Ashram after being rescued from being a child labour - is today eagerly looking forward to completing his B.Sc (Physical Education) course with flying colours.

Taxpayers can now access new I-T annual info statement on e-filing portal

New Delhi, Nov 15: The Income Tax department said taxpayers can now access the new Annual Information Statement (AIS), which includes additional categories of information like interest, dividends, securities and MF transactions, and remittances from abroad, on the e-filing portal.

The I-T department had last month expanded the list of high-value financial transactions, which would be available to taxpayers in their Form 26AS by including details of mutual fund (MF) purchases, foreign remittances, as well as information in ITRs of other taxpayers.

Form 26AS is an annual consolidated tax statement that can be accessed from the income-tax website by taxpayers using their Permanent Account Number (PAN).

"AIS provides ease of access! It can be accessed now on the e-filing portal & downloaded easily in downloadable formats of PDF, CSV & JSON (machine-readable format). Click on link 'AIS' under 'Services' tab on <http://incometax.gov.in>," the I-T department tweeted.

AIS enables a taxpayer to see and verify taxpayer info available with taxmen, provide feedback in case of discrepancies, view/update the Taxpayer Information Summary (TIS) used for pre-filing of ITR.

The Budget for 2020-21 had announced the revised Form 26AS, giving a more comprehensive profile of the taxpayer, going beyond just the details of tax collected and deducted at source.

Additional information prescribed includes foreign remittance made by any person through an authorised dealer, the breakup of the salary with deductions claimed by the employee, information in ITR of other taxpayers, interest on income tax refund, information published in the statement of financial transactions.

Also, off-market transactions reported by depository/ registrar and transfer agent, information about dividend of mutual fund reported by RTA, and information about the purchase of mutual fund reported by RTA too would be included in Form 26AS.

The Budget 2020-21 had introduced a new Section 285BB in the Income Tax Act, to revamp Form 26AS to an 'Annual Information Statement' which apart from the TDS/ TCS details, would contain comprehensive information relating to specified financial transactions, payment of taxes, demand/ refund and pending/completed proceedings undertaken by a taxpayer in a particular financial year that has to be mentioned in the income

tax returns.

Following that, in May last year, the I-T department had notified the revised Form 26AS, including information on high-value financial transactions undertaken during a financial year, a move which also facilitated voluntary compliance and ease of e-filing of I-T returns. With this last month's I-T department order, the list of details to be available in Form 26AS has been expanded further.

AMRG & Associates Director (Corporate & International Tax) Om Rajpurohit said even though the AIS facility provides extensive information on salaries, stocks, mutual funds, dividends, interest, and other financial items but presently it does not include information on income from futures and options. "In addition, there are anomalies reflecting in capital gain computations that must be remedied prima facie.

"Thus, for the time being, the question of how helpful/complex it is for a layman remains unresolved and will be addressed in the near future, since it requires a comprehensive analysis and reconciliation of information in cases when a person has numerous sources of income," Rajpurohit added.
